## Saving Dobermans Coast to Coast: The Power of Rescue Partnerships

At *Doberman Rescue Unlimited (DRU)*, we believe that every dog deserves a chance to be loved, and we know that working together is the key to making that happen. In 2024 alone, we have partnered with rescues from coast to coast to bring 41 Dobermans to safety—dogs who might have otherwise been lost to overcrowded shelters and the heartbreaking reality of euthanasia.

These partnerships are more than just logistics; they are lifelines. Each dog we welcome into our rescue carries a story—some have been abandoned, some surrendered, and others left behind through no fault of their own. Without the dedication of our rescue partners, these dogs would have faced an uncertain and often tragic fate. Instead, they now have hope. They now have a future.

Through teamwork, we are not only saving individual lives but also making space in high-risk shelters, giving more dogs a fighting chance. Each Doberman we take in receives the love, medical attention, and training they need to heal and find their forever home. The moment a once-forgotten dog meets their new family is a moment of pure joy—proof that together, we are changing lives.

None of this would be possible without the compassion and commitment of those who believe in our mission—our rescue partners, our adopters, our volunteers, and our supporters. Every person who fosters, donates, shares our mission, or opens their heart to an adoptable Doberman plays a vital role in this lifesaving effort.

If you have ever considered adopting, fostering, or supporting DRU in any way, now is the time. Together, we can keep saving lives, one Doberman at a time.

***To learn more about our rescue efforts or how you can help, visit [www.dru.org](http://www.dru.org) or follow us on social media.***

*From the bottom of our hearts, thank you for being a part of this journey.  
Because of you, more Dobermans will know love, safety, and the joy of a second chance.*

# Ways to Leave a Lasting Impact

At Doberman Rescue Unlimited (DRU), every rescued Doberman comes with a story—some of survival, some of heartbreak, and many of incredible transformation. These journeys are only possible because of compassionate individuals like you who believe in giving these deserving dogs a second chance. While annual donations help with daily care, a legacy gift ensures that DRU will always be here for Dobermans who need us, now and in the future.

DRU is more than a shelter—it's a sanctuary. Nestled in a beautiful and peaceful country setting, our facility was thoughtfully designed to meet the needs of the Dobermans in our care. From our spacious indoor runs and large outdoor play areas to our year-round training facility, every detail is in place to give these dogs the best possible chance at a new life. DRU is a lifeline for dogs across the country, from the East Coast to the West Coast. We work with shelters and rescue partners nationwide to bring Dobermans in need to safety, ensuring that no dog is left behind.

**Bequests** – Naming DRU in your will or trust allows you to leave a portion of your estate to help Dobermans in need. It's a simple way to make a powerful impact.

**Stock Donations** – Donating stocks, bonds, or mutual funds can be a tax-smart way to support DRU. By transferring securities directly, you may avoid capital gains taxes while helping provide medical care, training, and shelter to our rescues.

**Retirement Accounts** (IRA, 401(k), 403(b)) – Designating DRU as a beneficiary of your retirement account allows you to support our mission while reducing tax burdens for your loved ones.

**Life Insurance Policies** – A life insurance policy can become a lasting gift of hope for Dobermans by naming DRU as a beneficiary.

**Charitable Trusts & Donor-Advised Funds** – These options provide flexibility, allowing you to make a lasting impact while potentially receiving tax benefits.

Every legacy gift—big or small—helps ensure that DRU will always be here for the dogs who need us most. If you've ever looked into the eyes of a rescue dog and seen gratitude, hope, and love, you know the difference your kindness makes.

If you're considering including DRU in your estate plans or would like to learn more about how you can help, we would love to talk with you. Your love for Dobermans can live on, saving lives and bringing hope for generations to come.

***From all of us at DRU—and from the Dobermans whose lives you help change.  
Thank you for believing in second chances.***

This newsletter is sent to all paid members of **Doberman Rescue Unlimited, Inc.** Complimentary copies are sent to area Animal Control Officers, shelters, veterinarians, rescue leagues, and anyone else who requests a copy. If you know of someone who would be interested in receiving a publication, please contact us. We are always happy to meet more people devoted to the Doberman. Membership dues of \$25.00 per year help defray our cost of this publication and help support our efforts to assist Dobermans in need.

# Caring for DRU Shelter Dobermans: How Volunteering Makes a Difference

Volunteering with animals is one of the most rewarding experiences anyone can have. When it comes to Dobermans, the connection runs even deeper. These intelligent, loyal, and often misunderstood dogs are more than just pets—they're family. As DRU staff and volunteers, we know that caring for the shelter dogs not only transforms their lives but also leaves a lasting impact on our hearts.

When a homeless Doberman arrives at DRU, they often come with a story of hardship—neglect, abandonment, or simply no history at all. As an organization dedicated to rescuing and rehoming Dobermans in need, DRU provides these dogs with a second chance. We serve as the bridge between their painful past and a hopeful future. From offering a comforting hand during intake to providing training and socialization, every interaction helps these dogs regain trust in humans.

For those of us who dedicate our time to DRU, whether as volunteers or staff members, this commitment is deeply personal. Witnessing a once-fearful dog transform into a confident and affectionate companion is nothing short of magical. It teaches patience, empathy, and the power of small acts of kindness. Every wag of a happy tail, excited greeting, and loving lean into our side reaffirms the impact of our collective efforts.

Caring for the shelter dogs goes beyond feeding and walking—it's about building trust. These dogs thrive on connection, and we quickly learn to communicate in ways that foster understanding. Whether through a soothing tone of voice, consistent routines, or simply being present, the bonds we form with these Dobermans are unique and enduring.

In return, we often find ourselves on the receiving end of profound lessons. Dobermans teach resilience, loyalty, and the importance of living in the moment. Their gratitude is evident in their eyes, their joyful antics, and their deep affection.

While our primary goal as DRU volunteers and staff is to improve the lives of these Dobermans, the impact on us is undeniable. For many, this work becomes a source of healing, purpose, and fulfillment. Helping a dog find a loving home or watching them take their first steps into a new life leaves an unforgettable impression.

Being part of the DRU team also fosters a sense of community. We come together, united by our shared passion for Dobermans. These relationships enhance the experience, creating a support system that makes the work feel less like a responsibility and more like a shared mission.

## WE HOPE TO SEE YOU!

# Adoption Stories

**Aria** is our sixth Doberman rescue, and our fourth from DRU. Our previous rescues from DRU included Sirius, a lovable and sometimes stubborn 95-pound red male. Juniper, a mischievous little 55-pound red female from the infamous "J" litter. And most recently Petra, a sweet black and tan female who passed away last September, at 11 years old. She was a sweetheart that we miss very much.

On Valentine's Day this year, Aria found her forever home with us! She is a beautiful 2-year-old red female that we are told was made homeless by the California fires. She still is just a big puppy at heart, fetching, playing tug and simply loves playing "catch me" with our other dog Moxie. Her puppy play is very much magnified by her near adult size of 62 pounds. This makes it super important to place oneself out of the line of fire or risk being bulldozed over by this big very playful pup. Believe me, I have a few bruises to show from foolishly getting in the way of some of those playful moments. But her playfulness really helps her in getting acquainted with other dogs and simply makes her super entertaining to have around us. Often, she will greet you with a tennis ball in her mouth, hoping that you're up for a game of fetch with her. Fetch is her absolute favorite game. It is also a great way to burn off that playful energy and create some quiet nap time afterwards.

Aria is settling in super-fast. She was housebroken in a few days. She came with all the "software." By that I mean she was previously obedience trained and knew all her commands, i.e., come, sit, stay, down, out, up, "give me five" and knew her name very well. This made things so easy for her introduction into our household. She wants very much to please and is VERY food motivated, making training her new things fun and super easy.

Our beagle Moxie is still a bit put off sometimes by the high intensity that Aria puts into her playfulness. But each day Moxie finds new ways to play with Aria and we are sure they will become close in the coming days.

My son Phil and I feel so blessed to have rescued Aria. Having Aria has already made our household so much more fun and enjoyable. The added play and the fun of just watching her explore her new world enriches our lives in ways we cannot measure. Thank you DRU for making Aria's rescue happen and for what you do each and every day for this breed. **Rich and Phil Kula**

I adopted Brandy, now **Rowan**, on 3/15/25. She is smart, independent, and such an adorable busy bee. I just love her. She's doing great and seems very happy in her new home with her 2 siblings, Scarlett & Talon. They're also from DRU. The 3 of them do neighborhood walks together to meet people & be social.

Rowan is learning to control her impulses & refrain as best she can from her urge to be mouthy. She is a fast learner & loves clicker training. In the 4 weeks that she's been with me, she can do spins to the left & right, down, wait (this is a hard one), touch, & "chin". Her chin command is to place her chin in the palm of my hand & hold it there for eye wipes & ear checks without biting. I'm very excited to see how she blossoms into a beautiful, perfect girl.

**Kara Bassignani**

We have **Jeena** aka AnneLee for a little less than 2 months. She was our Valentine Day adoption 3 month old puppy with big like bowl eyes on the picture posted :o). Our 3 hrs journey home was a breeze as she sat on my son's lap all the way trying to merge into him, LOL. They had fun. She was shy at first when we got out of the car and didn't know where to go. We gave her a couple of weeks to adapt to a new home, her new routine schedule and showed her around, so she feels comfortable. Although she has a submissive temper, she is a playful girl, a jumper, a digger, handful of work and can be a vocal sometime if she argues. We are working on her to be a well behaved dog to open up her personality together with her intelligence. She likes her toys but prefers chewing on family members' body parts, LOL. Thank God teething is not forever and it's over in a couple of months. By far she is pretty much familiar with her boundaries and tries to extend them with some family members everytime she sees a possibility, like stealing a shoe or a sock but likely to trade it for a treat. I work on her training daily at home. I believe the best thing you could do for your dog is to teach it how to be safe, respectful and a happy family member. She has learned some commands like: no, yes, off, come, sit, lay, place and we are improving on them to do it at first prompt.

It's springtime and I start spending more time outside planting and maintaining my fruit trees and berry bushes. Jeena accompanies me all the time. She likes to crawl in grass and chew on old fallen tree branches or run for the ball or just spin around for fun. I get more and more confidence in her and she likes to get my trust, it seems like we are a good team. There is still a lot of work ahead but we really like the fact she is part of our family. I will keep you updated. They say: If you really want to buy love for the money, buy a dog and I'd say adopt a dog but adopt it with a lifetime commitment. Love is for a lifetime not a temporary thing, please consider it as a choice and don't rely on feelings, they are changeable. **Hanna Onachenko & Family**

## Doberman Rescue Unlimited Receives Generous Vehicle Donation in Memory of Noele Rizkallah

*Doberman Rescue Unlimited (DRU)* is honored to announce the generous donation of a much-needed vehicle, given in loving memory of Noele Rizkallah, a long-time supporter and dear friend of our organization. This invaluable contribution will play a crucial role in helping DRU continue its mission of rescuing, rehabilitating, and rehoming Dobermans in need.

Noele Rizkallah was a passionate advocate for Dobermans and a steadfast supporter of DRU for many years. Her dedication to the breed and our mission left a lasting impact on our organization and the countless dogs she helped save. This donation, made in her memory, is a testament to her compassion and commitment to animal welfare.

The newly donated vehicle will significantly enhance DRU's ability to transport dogs to veterinary appointments, events, and rescue operations. Reliable transportation is essential for ensuring the health and well-being of the Dobermans in our care, and this donation comes at a critical time when our resources are stretched thin.

Noele's legacy will continue to live on through every rescue mission, every saved life, and every happy ending made possible by this generous gift.

*For those who wish to honor Noele's memory and support DRU's mission, donations can be made at [www.dru.org](http://www.dru.org).*

## AVAILABLE FOR ADOPTION

THE LIST OF AVAILABLE DOGS CHANGES DAILY. PLEASE CHECK OUR WEBSITE [WWW.DRU.ORG](http://WWW.DRU.ORG) OR CALL THE HOTLINE ABOUT CURRENT DOGS AVAILABLE

**Achilles** is a young red Doberman with a remarkable story of resilience and an unshakable zest for life. Despite facing significant challenges early on, he's emerged as a loving, energetic, and playful companion ready to find his forever home.

Recently, Achilles had a brief but positive interaction with another DRU dog, Kelly (female), along a fence line. The two quickly hit it off, engaging in playful bows, fence-line chasing, and friendly, relaxed body language. Kelly added excited leaps as they ran alongside each other, while Achilles matched her enthusiasm with his own joyful energy. Though short, the interaction was a great display of Achilles' social nature and his ability to connect positively with other dogs.

Achilles is also easy to handle for grooming and nail trims, doing well with clippers—just one more reason he's a joy to care for.

His journey hasn't been an easy one. Achilles once lived on the streets with his owner and was sadly hit by a car. Thankfully, a local shelter stepped in and rushed him to an emergency vet. Despite the scary experience, Achilles proved to be a lucky and strong boy. He was diagnosed with a mild pulmonary contusion, which resolved within two days, and treated for soft tissue trauma, muscular pain, and a small laceration on his head. Thanks to expert care and a calm recovery environment, he bounced back with impressive strength and spirit.

Now fully healed, Achilles is thriving. He's a happy, affectionate, and spirited dog who loves people and embraces each day with enthusiasm. He's ready to leave his past behind and start a new chapter with a family that will appreciate his resilience, loyalty, and boundless affection.

Achilles is more than ready to share his love—and his zest for life—with a forever home. Could that be with you?

**Hudson** is a 5-year-old, natural-docked Doberman who has been patiently waiting for his forever home. When he first came to us, he was carrying a few extra pounds, but with time, exercise, and plenty of activity, he's slimmed down into a strong, handsome boy!

Hudson is active and loves playing with his jolly ball in the yard and going on long walks—he could walk for miles! He has good leash manners and would thrive with someone who enjoys staying active and can provide consistency while continuing his training.

In his previous home, Hudson lived with a cat, but given his interest in squirrels and chipmunks, any introductions to feline friends would need to be slow and carefully managed. He may also do well with a friendly female dog, given the right match.

Hudson has become a staff favorite at DRU, always eager to offer his paw for a biscuit—even when no one asks! His affectionate personality and striking good looks make him more than ready to find a loving home.

Based on what we've learned about Hudson, his ideal home would be with adults who are looking for a loyal companion to share adventures, walks, and plenty of love. If you're searching for a tall, handsome, and affectionate best friend who will thrive with consistency and continued training, Hudson is ready to meet you!

*DRU relies on your support to continue to provide the highest quality of care for the DRU Dogs prior to their adoption.*

The DRU shelter has been the refuge and sanctuary for thousands of Dobermans since it was built over 20 years ago. Young and old, sick and well, none are turned away. We have taken in Dobermans in need from our primary service area of New England and New York/New Jersey, and also from many other areas of the United States; we've even taken in Dobes from places like Egypt, Kuwait, Puerto Rico, and Mexico. We will care for any Doberman in need that can get to us and we will care for them until their new adoptive families can be found.

DRU is a 501(c)(3) nonprofit corporation that relies solely on membership dues, donations and fund-raising activities for its income. You can become a member or get involved.

We can also accept securities. We also ask that you consider including DRU in your estate planning. Questions can be directed to our Executive Director, Michelle Cooper at [mcooper@dru.org](mailto:mcooper@dru.org).

## WILL YOUR COMPANY MATCH YOUR DONATION?

Many companies support causes that are important to their employees by matching charitable contributions. Find out about your company's matching program by asking your human resource department.

This would be a great time to submit requests for DRU donations!

We would be happy to answer any questions that you,  
or your employer may have.

Contact through the DRU hotline (603) 887-1200  
or at [mcooper@dru.org](mailto:mcooper@dru.org)
